MINISTER'S MUSINGS

Stories of the Season

This past Sunday, I was pleased to present the annual Stories of the Season service (followed by a very enthusiastic, energetic Holiday Workshop). This service is one of my favorites of the year as I am able to focus on one of my great joys, telling stories. It also gives me an excuse to look at other faith traditions and read through their myths and tales and cherished stories. This year, I very specifically chose a tale from the Islamic tradition and from the Jewish tradition. With all of the negative rhetoric in the public discourse these past months, I thought it a good idea to remind everyone that our Muslim brothers and sisters are celebrating their faith this time of year as well. I will also confess that as I did the voice for the Selfish Giant, I was holding in my thoughts a particular public voice that also seemed to be suggesting that building walls around our “garden” would be a good idea. (I often hold an image of someone in my head when doing voices while telling a story or when reading someone else's words—it is a trick I was taught to help distinguish different voices for the listener.) I want to thank everyone who attended the service and all those who provided such positive feedback. This service is one of the keystones to my holiday celebrations every year.

Christmas Eve Services

We will once again, this year, be having two services on Christmas Eve. The 6:30 pm service will be more family oriented. This year, the service will be inspired by the Central American tradition of The Posadas—or the Inns. This traditional Advent celebration usually involves whole neighborhoods over an entire week leading up to Christmas. However, many clergy have adopted it for use in worship services. Considering current events, I thought a focus on weary travelers and the spiritual practice of hospitality might be exactly what we all need this Christmas season. There will be movement and music and lots of singing, and I think it will be fun for all ages. The 10:00 pm service will be more meditative and traditional, but will still focus on the same themes. Whichever service you choose to attend, I hope you find our worship meaningful and spiritually rewarding.

Seasonal Blessing

This holiday season, Cheryl and I wish everyone in the UUSO family an abundance of love, joy, laughter, and good cheer. If you are traveling, we wish you a safe and speedy journey and a quick return home. If you have guests traveling to you, may they find their way to your door safely and be blessed by your hospitality. Whichever holidays you celebrate, we hope you find time in-between the hustle and bustle, the events and excitement, to pause and find the meaning of the moment. Feel the love in the air, the mystery surrounding us all, and the hope we all share—for a world at peace.

—Blessed Be, Rev. Craig (and Cheryl, too.)

COOKIES AND CRAFTS UPDAE!

The Cookies and Crafts Committee would like to thank each person that helped us make this event what it is. The cookie/treat quality was higher than ever. You people ROCK! Then there were the peeps who were in the trenches arranging cookies, cashing customers out, serving food, cleaning and organizing the kitchen, greeting our customers, selling raffle tix, selling cookies, and wrapping purchases. And then there's the strong and able who helped us set up and tear down....thanks to the max!

As you've probably already heard or read, the UU made \$3300 from this event. Awesome!

This committee is made up of smart, creative, lovely people. If you would like to join us, please let us know!

JANUARY CHANGE FOR CHANGE

Delaware Otsego Audubon Society Golden Eagle Project

DOAS has joined the University of West Virginia in a research project to study the migration and wintering patterns of Golden Eagles. Golden Eagles are found throughout the northern hemisphere but there is only a small population that lives and breeds in the Northeast; virtually all of them migrate through New York and a few winter here.

DOAS has two eagles with satellite tracking devices and plans to outfit four more this winter. Since the eagles live and migrate along the ridges, the information gathered will be used to guide the safe development of wind power in our area.
—Julia Gregory

HOLIDAY CONCERT

RELIGIOUS EDUCATION NEWS

All are invited to a UUSO *Las Posadas*-Inspired Celebration for All Ages:
The Annual Christmas Eve Family Service, December 24, at 6:30 pm

*En nombre del cielo
os pido posada,
pues no puede andar
ya mi esposa amada.*

Pray give us lodging, dear sir, in the name of heav'n.
All day since morning to travel we've giv'n.
Mary, my wife, is expecting a child.
She must have shelter tonight. Let us in. Let us in!

—Hugo Olaiz

Las Posadas is a traditional Hispanic celebration from Mexico, parts of Central America, and parts of South America. It is increasingly being adapted and celebrated in Anglo, Hispanic, and Latino parts of the United States as well as other parts of the world. *Las Posadas* means “lodging” in Spanish. This ceremony/celebration is a re-enactment of Mary and Joseph looking for a place to shelter for the night when they are about to have their new baby Jesus. It is a festival that allows us to experience yearning for sanctuary. We will experience how it feels to finally find welcome. We also have the opportunity to experience what feels like to provide welcome to others. It is an active celebration full of hope, love and joy. It is a timely message for us all.

In preparation for our USSO Family *Las Posadas*-inspired service, it might be a good time to remind children of our Seven Unitarian Universalist Principles. These are the base of all that we do together in Religious Education. These principles lead us to social justice actions and to creating a world that offers sanctuary to those in need. These also inspire the lovely, joyful, and fun intergenerational service we will have together on Christmas Eve.

This is the way the UU Tapestry of Faith children's programs and curricula describe the Seven UU Principles:

1st Principle: We believe that each and every person is important.

2nd Principle: We believe that all people should be treated fairly and kindly.

3rd Principle: We believe that we should accept one another and keep on learning together.

4th Principle: We believe that each person must be free to search for what is true and right in life.

5th Principle: We believe that all persons should have a vote about the things that concern them.

6th Principle: We believe in working for a peaceful, fair, and free world.

7th Principle: We believe in caring for our planet Earth, the home we share with all living things.

I am excited for us all to have this time together—to welcome the hope of new life and to celebrate the joy of opening our hearts to those who need sanctuary. We plan to adapt our service to be similar to the no-rehearsal nativity pageants that some of us have celebrated together at UUSO in other years. There will be parts for all who wish. Please join us!

The UUSO Annual Meditative Service will also be offered at 10 pm.

—*Feliz Navidad!* Susan Ryder, UUSO Director of Religious Education
